In a large-size format for easy photocopying, this user-friendly manual presents a tested treatment protocol for children and adolescents (ages 6 to 18) struggling with obsessive-compulsive disorder (OCD). Ten flexible modules give clinicians tools for engaging kids and their parents and implementing successful exposure and response prevention activities, as well as other cognitive-behavioral therapy (CBT) strategies. Each module includes vivid clinical vignettes, sample scripts, "tips and tricks" drawn from the authors' extensive experience, and numerous reproducible child and parent handouts and worksheets. Purchasers get access to a Web page where they can download and print additional copies of the reproducible materials, in color.
