For introductory courses in Forensic Science and Crime Scene Investigation A clear introduction to the technology of the modern crime laboratory for non-scientists Criminalistics: An Introduction to Forensic Science, Twelfth Edition, uses clear writing, case stories, and modern technology to capture the pulse and fervor of forensic science investigations. Written for readers with no scientific background, only the most relevant scientific and technological concepts are presented. The nature of physical evidence is defined, and the limitations that technology and current knowledge impose on its individualization and characterization are examined. A major portion of the text centers on discussions of the common items of physical evidence encountered at crime scenes. Particular attention is paid to the meaning and role of probability in interpreting the evidential significance of scientifically evaluated evidence. Updated throughout, the Twelfth Edition includes a new chapter on the exciting field of forensic biometrics. With its easy-to-understand writing and straightforward presentation, this best-selling text is clear and comprehensible to a wide variety of students.

Packed with current, real-world examples, ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE, 9th Edition offers comprehensive, balanced, and practical coverage of ethics across all three arms of the criminal justice system: the police, the courts, and corrections. Readers find coverage of the philosophical principles and theories that are the foundation of ethical decision-making, as well as the latest challenges and issues in criminal justice -- the militarization of the police, mass imprisonment, wrongful convictions, the misuse of power by elected officials and/or other public servants, and more. The text provides a wealth of hands-on exercises as well as such insightful features as In the News boxes spotlighting recent examples of misconduct. For those studying or contemplating a career in criminal justice, real-life cases and situations demonstrate the significance of ethics in today's criminal justice arena. The authoritative text in criminal justice. The first and best-selling brief introduction to criminal justice text, Criminal Justice: A Brief Introduction, 10e offers instructors and students a trusted, authoritative, and impeccably researched introduction to police, courts, and corrections. Designed with a new visual approach, this edition integrates graphic art with the important concepts and ideas of criminal justice. Its unifying theme, unmatched timeliness, and coverage of trends and technology makes this text the standard by which all other brief texts are judged. An interactive website along with author tweets (@schmalleger) extends chapter material and provides up-to-the minute information on this ever-evolving field. Pearson now offers a MyLab for Criminal Justice. More than 10 million students used Pearson MyLabs in 2012, and the integrated use of these programs has been shown to provide measurable gains in student retention, success, work readiness and overall achievement. You may have already had a chance to see the current offering in MyCJLab, including simulations, pre/post tests, and an assignable media database, CJ Search. Summer 2013, MyCJLab will include Point/Counterpoint Videos. These are videos that present individuals discussing two opposing sides of controversial CJ topics. Both sides will be presented in 3-6 minutes of total video. With each argument a speaker presents, justification and/or research that backs up that argument will be presented. Students will hear a good explanation of WHY the speaker takes a certain stance. Included in MyCJLab will be 3-4 review questions (multiple choice) and 1 short answer questions related to the topic. We will have 15 topics for intro to CJ and 17 for intro to criminology. Point/Counterpoint Videos will be available within MyCJLab for the following titles only : v Schmalleger, Criminal Justice Brief 10e v Fagin, CJ2013 v Schmalleger, Criminology Brief 2e
