Consequences Sunnydale has always been a haven for creatures of the underworld. But when Buffy Summers awakes in a possible future, she is stunned to discover that Southern California has fallen under vampire rule. Buffy learns that her Slayerettes have already rallied together against the new order. But they're different now: Willow is a full-fledged sorceress, Xander a battle-scarred, humorless man, and Oz a frightening split personality. Almost more shocking is that Faith's gone, and a new Slayer has been called in her stead. Buffy's astonished at the terrifying alternate reality for which only she herself is to blame. Back in the present, Buffy's friends can't figure out why the Slayer is behaving so strangely.

DOPPELGÄNGLAND Sunnydale. Five years into the future. A bleak, post- apocalyptic future for which the Slayer herself is responsible. Her mother has been killed. Angel is missing and presumed dead. Her friends are different, harder. But that's not the worst of it. Buffy's enemies are different, too.... In this alternate reality, old foes are wreaking havoc in vampire-dominated Southern California. This in and of itself is no surprise. But when Buffy learns that even the vicious Spike is merely a minion, lackey to the chief bloodsucker, she is rocked to the core. For he serves none

Since the beginning of time, the demonic races have gathered every century to resolve conflicts among them and to determine the course of their future. This centennial event was called the Dark Congress.

# Get Free Dark Times Buffy The Vampire Slayer

In the second century b.c., however, the Dark Congress failed to resolve their conflicts. Instead, the Congress ignited into a war that drove wedges between the various demon races from that time until now. And all of it began as a result of Kandida, the great North African river demon, being nearly killed by forces in the Congress and magically entombed in the riverbank. But now, Kandida is free, and for the first time in centuries, the Dark Congress is being called again. All demon races and other varieties of supernatural creatures have been called to gather at the Hellmouth in Providence, Rhode Island. Some gather in hopes of resolution, some in favor of war, and Kandida is tasked to broker a treaty and guide the Congress to peace, wherein everyone might simply agree to disagree. And so the demons gather under a banner of a truce. But the demons still harbor many bitter disagreements with one another. The Congress

must have an arbiter of these conflicts, and that someone is Buffy Summers. Buffy is horrified and disgusted to be included. After all, she is not a demon...is she? She knows so little about her powers that she cannot say for certain where they truly spring from. How can she spend so much time wallowing in the darkness without becoming part of it? Can she possibly agree to a truce with all the horrors of the world, and allow them to come Providence without any attempt to stop them? And does she have a choice?

There are six appendices: 1990s cliches and conventions, 1990s hall of fame, memorable ad lines, movie references in *Scream*, 1990s horrors vs. *The X-Files*, and the decade's ten best. Fully indexed, 224 photographs.
