Declaration of Interdependence The Declaration of Interdependence expresses our values as an organization. It was written for the 1992 UN Earth Summit in Rio de Janeiro, where portions of our declaration were woven into the work of others around the world to form the Earth Charter.

~~Declaration of Interdependence—~~

~~David Suzuki Foundation~~

Faced with the threats of warming, weapons, waste, and the lopsided distribution of wealth, we must declare our interdependence. We hold these truths to be self-evident, that all people are created dependent—on each other, our earth, and its climate —endowed with the inalienable responsibility to maintain justice, liberty, and affiliation

theory of legal pluralism that is both critical of law's epistemological and ontological presuppositions, as well as discursive in engaging a dialogue between legal traditions, Anker focusses on prominent aspects of legal discourse and process such as sovereignty, proof, cultural translation and negotiation. With case studies and examples principally drawn from Australia and Canada, the book seeks to set state law in front of its own reflection in the mirror of Indigenous rights, drawing on a broad base of scholarship in addition to legal theory, from philosophy, literary studies, anthropology, social theory, Indigenous studies and art. As a contribution to legal theory, the study advances legal pluralist approaches not just by imagining a way to 'make space for' Indigenous legal traditions,

but by actually working with their insights in building theory. The book will be of value to students and researchers interested in Indigenous rights as well as those working in the areas of socio-legal studies, legal pluralism and law and cultural diversity.

"You're sure to be provoked and enlightened by this bold view from the other side of the Atlantic."-Robert B. Reich

In this powerful book, William F. Felice argues that a new range of human rights duties for individuals, nation states, and global institutions has emerged in our modern interconnected era. He investigates the compelling

## Declarations Of

ideas of ethical interdependence and new global human rights duties in four case studies: mass incarceration in the United States, LGBT rights in Africa, women's rights in Saudi Arabia, and environmental rights in China. Felice argues that in all four cases a "human-rights threshold" has been surpassed, and urgent action is needed to address unacceptable levels of human suffering. Beginning with a primer on how the international community through the United Nations has codified international human rights law, Felice explores the conflicts between rights, problems of compliance, and the difficulties that emerge when cultural and religious rights are privileged over the rights of individuals and groups. He shows that a robust normative framework of global governance and global

citizenship is central to the actualization of human rights protection for all.

Challenges established views of women's history and legal status in the United States, from the eighteenth century to the present

The central theme of this book is the strengthening of the legitimacy and integrity of international law in the post-Cold War, interdependent international community. The investigation focuses on the relationship between international decision-making procedures, in particular compulsory third party dispute settlement, and legitimacy and integrity as perceived by states and other international actors. It starts with a description of recent developments with regard to

## Download Ebook

## Declarations Of

dispute settlement in the law of the sea, GATT/WTO, Antarctica, and global environmental protection. Compulsory third-party dispute settlement has been accepted in treaty regimes in these fields as it is indispensable in safeguarding the legitimacy and integrity of such regimes. The focus then shifts to an extensive analysis of changes in the international community in general, and their consequences for the international legal system. By focusing on legitimacy and integrity, and by providing a theoretical framework in which these concepts can be applied, this book contributes significantly to the discussion of the theoretical foundations of international law. The author is winner of the 1995 Award of the Foundation Praemium Erasmianum, Amsterdam.

Declarations Of

Interdependence A Legal

The Right to Development in International Law rigorously explores the right to development (RTD) from the perspectives of international law as well as the constitutionally guaranteed fundamental rights and the Islamic concept of social justice in Pakistan. The volume draws on a wide range of relevant sources to analyse the legal status of international cooperation in contemporary international law, before exploring the domestic application of the right to development looking at the example of Pakistan, a country that is undergoing radical transformation in terms of its internal governance structures and the challenges it faces for enforcing the rule of law. Of particular importance is the examination of the RTD and Shari'ah law in Pakistan which adds a new

## Download Ebook

## Declarations Of

perspective to the RTD debate and enriches the discussion about human rights and Shari'ah across the world. Through focusing on Pakistan the book links international perspectives and the international human rights framework with the domestic constitutional apparatus for enforcing the RTD within that jurisdiction. In doing so, Khurshid Iqbal argues that the RTD may be promoted through existing constitutional mechanisms if fundamental rights are widely interpreted by the superior courts, effectively implemented by the lower courts and if Shari'ah law is progressively interpreted in public interest. Iqbal's work will appeal to researchers, professionals and students in the fields of law, human rights, development, international law, South Asian Studies, Islamic law and

## Declarations Of

around political correctness straight into what "Plotters" and "Insiders" do. Declarations of Interdependence; Advocate Poetically! is in places set against the dystopian backdrop of a pandemic, election year and the worldwide social justice unrest pertaining thereto. Declarations' voices wax poetic while everyone else shouts. Voices vary toward same goals of Unity and for civility to reign over discord. Fictitious scenarios with public domain photos are woven together to enhance some expressions. None are intended to imply endorsement; just bring art to life. Subjects range from the complexities of political protests to the more light hearted "Chocolate for President". Declaration steps into the fray of divisive topics giving proverbial poetic script for dialogue. It states

## Declarations Of

sides - without taking sides. While the poetic voices are fictitious, the subjects may ring true for many in the reading audience. Or not. A wide range of voices are heard in Declarations; mostly human. The Declarations compilation is divided into six books by topics; Unity, Schools, Mental 'Wealth', Enforcement, Veterans and Love. Most voices are human. In Book III an obscured tree appreciates "Quin-tree-essential" acknowledgement while disgruntled "Furniture" join a protest. The people, animals and inanimates excluded were not purposely left out. BLM "Resolution" depiction is not intended as an affront to whomever is their equal and opposite. "Chosen Outfits" in Book IV Enforcement likely agree with voice of "Comply". Viewpoints dapple in alternate history topics like
