Dental Care for Everyone: Problems and Proposals: Amazon ...

A recent study found that a typical GP practice can expect to see 30-48 patients with dental problems a year, possibly due to the charge for dental services. GPs and practice teams should be aware of dental services available locally to manage emergency dental conditions, including: the NHS website; NHS 111; local dental access centres; local NHS dentists.

Patients presenting with dental problems Specialised dental services are commonly provided by community dental services. Community dental services are available in a variety of places to ensure everyone can have access to dental health. These include hospitals, specialist health centres and mobile clinics, as well as home visits or visits in nursing and care homes.
