Mourning occurs in response to an individual's own terminal illness, the loss of a close relationship, or to the death of a valued being, human, or animal. There are five stages of grief that were...

### **The 5 Stages of Grief & Loss**

The sociological study of dying, death and bereavement is a relatively recent field of research interest. In 1958, Faunce and Fulton wrote a paper entitled 'the sociology of death: a neglected area of research', their argument being that the lack of sociological research in this area was probably attributable to a wider reluctance within ...

Finding Closure The death of a parent can be a very shocking and life-changing experience. Suddenly the person that you turned to for their wisdom and their advice is no longer available. The loss of a loved one will leave you feeling empty inside, as if the world will never be the same again and nothing will ever be able to heal your pain.

of-life issues and grief management.

How culture, spirituality and society shape our understanding and experience of death, as well as an

understanding of the factors that influence views of death.

## **Graduate Certificate in Grief & Bereavement Counseling | GCU**

Dying, death and bereavement are universal experiences that call us into profound connection with questions of meaning, purpose and the human spirit. And yet for those both within and without traditional religious orthodoxy, questions of spirituality in death and grief are often marginalized, with death being managed as a primarily medical event.
