The legal authority for the intrusion of the federal government into education is based on an interpretation given to the General Welfare Clause of the Constitution, which reads, "The Congress shall have Power To lay and collect Taxes, Duties, Imposts and Excises to pay the Debts and provide for the common Defence and general Welfare of the United States" (art.

---

Education Law legal definition of Education Law

Education law is the legal discipline covering all issues pertaining to schools, from kindergarten through higher education. Historically, attorneys practicing education law have worked toward expanding access to a high-quality education for all children, as well as providing for greater access to higher education.
