<p>Are you looking for a general-purpose 2P server node for your HPE Apollo 2000 Gen10 system to deploy for traditional enterprise workloads such as large cloud and web services?

The HPE ProLiant XL170r Gen10 server deployed in the HPE Apollo 2000 Gen10 system delivers a flexible scale-out architecture with higher density than traditional rack mount systems¹ and firmware ...

HPE ProLiant XL170r Gen10 Server | HPE Store US

HPE ProLiant XL170r Gen9 The HPE ProLiant XL170r is a dense solution that keeps pace with you and your business. The XL107r server nodes are designed to fit the HPE Apollo R2000, a density-optimized 2U node server, which supports up to four independent HP XL170r's in a standard 2U Chassis.

HPE ProLiant XL170r Gen9 Blades | Cheap, Used, Refurbished

As far as I know, HPE is not offering any publicly available lifecycle matrix for their HPE ProLiant Server family. So I have tried to put together the “Retired” and “End of Service Life” dates for HPE ProLiant G6 – Gen10 Servers in the following lifecycle matrix. Source of information were various threads in forums (eg.

HPE ProLiant Server End of Service Life (EOSL) and Retired ...

This server is supported with the Last Pre-Gen9 ESXi custom image for either 6.5, 6.5 U1, 6.5 U2 or 6.5 U3. Refer to the HPE ESXi Custom Image Download page for the specific custom image. DL325 Gen10

The HPE ProLiant XL190r Gen10 server deployed in the HPE Apollo 2000 Gen10 System delivers a dense solution with flexibility for up to two hot-pluggable server nodes in a standard 2U chassis. Each HPE ProLiant XL190r Gen10 server node can be serviced individually without impacting the operation of other nodes sharing the same chassis to provide increased server uptime.

HPE ProLiant XL190r Gen10 Server | HPE Store US

The HP ProLiant ML110 Gen9, a small, quiet, single-socket 4U tower server, delivering improved performance, availability and expansion needed to accommodate rapidly changing business needs. The ML110 Gen9 was designed to meet small and medium sized businesses performance demands. The ML110 Gen9 delivers exceptional value at an affordable price

HP ProLiant ML110 Gen9 - Tower Server | Cheap, Used ...

The HPE ProLiant XL170r Gen10 server deployed in the HPE Apollo 2000 Gen10 system delivers a flexible scale-out architecture with higher density than traditional rack mount systems 1 and firmware-level server security for your high-performance computing (HPC) workloads. Each server node can be serviced individually without affecting the operation of other nodes sharing the same chassis to ...
