Yvonne Ridley

In The Hands Of Taliban

"In the hands of Taliban: An extraordinary story" This is what she named her book. But let me tell you

Acces PDF In The Hands Of Taliban Her Extraordinary Story Yvonne Ridley

its not an extraordinary book at all. The only reason i read it was because i wanted to know how she was treated by Talibans. Taliban's faith in Allah and their "hospitality" with a prisoner is something you harldy see in wars of this age.

In the Hands of the Taliban: Her Extraordinary Story by ...

A foreign or a western woman in Afghanistan under Taliban rule who remarkably tells the world in her beautiful words that they are just humans like you and me. Think the Talibhan deserve a chance, and Yvonne Ridley tells how they really are. Gives a true first hand account of what has happened in Afghanistan. Would definitely recommend it to ...

Yvonne Ridley's terrifying 10 day detainment by the Taliban regime in Afghanistan struck a chord that continues to resonate around the world. At a time when the world was plunged into a state of unprecedented chaos and uncertainty following the terrorist atrocities in the US, Yvonne faced the ordeal of her life. Captured by the Taliban as she attempted to cross the Afghan border to report on the outbreak of war for the Sunday Express, Yvonne found her life hanging in the balance in the hands of the most reviled regime in the world. For Yvonne, an unexpected survival instinct kicked in that saw her face her captors not with fear, but with anger. Her courage and gutsiness, and that of her family, prompted the Taliban to release her, glad to be rid of such a so-called 'difficult' woman. This is Yvonne's full, true story. From her capture, to the ordeal she endured at the hands of the Taliban, to her eventual release; she offers a unique perspective into a way of life that remains a mystery to many. The friendships she formed with her fellow hostages, her feelings about her captors and their beliefs, and her discoveries -- many of which surprised and baffled her -- are all exclusively revealed in detail. Yvonne's story is a truly compelling and inspirational read.

"Yvonne's plight hit the international headlines and her intrepid reporting style roused controversy and concern for her wellbeing. Here she divulges the details of her alarming experiences in the hands of the most reviled and elusive regime in the world. She offers a unique insight into life as an undercover journalist, the Taliban's way of operating, their beliefs, and describes her fellow hostages, war in Afghanistan and her own inner conflict between her family and her job."--BOOK JACKET.

This is the autobiography of the former Taliban Ambassador to Pakistan who negotiated with the US after 9/11 and spent time in Guantanamo. It is the first inside account of what motivates ordinary Afghans to join the Taliban.

In autumn 2001, U.S. and NATO troops were deployed to Afghanistan to unseat the Taliban rulers, repressive Islamic fundamentalists who had lent active support to Osama bin Laden's Al-Qaeda jihadists. The NATO forces defeated and dismantled the Taliban government, scattering its remnants across the country. But despite a more than decade-long attempt to eradicate them, the Taliban endured--regrouping and reestablishing themselves as a significant insurgent movement. Gradually they have regained control

of large portions of Afghanistan even as U.S. troops are preparing to depart from the region. In his authoritative and highly readable account, author Hassan Abbas examines how the Taliban not only survived but adapted to their situation in order to regain power and political advantage. Abbas traces the roots of religious extremism in the area and analyzes the Taliban's support base within Pakistan's Federally Administered Tribal Areas. In addition, he explores the roles that Western policies and military decision making—not to mention corruption and incompetence in Kabul—have played in enabling the Taliban's return to power.

Understand the complexities of the most lethal insurgent group of America's longest war—the Taliban. • Provides insights from an author with academic training in politics and economics as well as a 30-year defense intelligence community background, including serving as an Army analyst in Afghanistan • Presents information recently obtained under the Freedom of Information Act • Analyzes the tribal, religious, political, and international elements of the greater Taliban problem

With the vague intention of winning hearts and minds in Afghanistan, the US government has mismanaged billions of development and logistics dollars, bolstered the drug trade, and dumped untold millions into Taliban hands. That is the sobering message of this scathing critique of our war effort in Afghanistan. According to this book, America has already lost the war. While conducting extensive research and fieldwork in Afghanistan's war zones, a drumbeat of off-the-record and offhand remarks pointed the author to one conclusion: "We blew it." The sentiment was even blazoned across a US military fortification, as the author saw at Forward Operating Base Mehtar Lam in insurgency-wracked Laghman Province: "I glanced over at a concrete blast barrier while waiting for a helicopter," Wissing says. "Someone had spray-painted in jagged letters: 'The GAME. You Lost It.'" The author's vivid narrative takes the reader down to ground level in frontline Afghanistan. It draws on the voices of hundreds of combat soldiers, ordinary Afghans, private contractors, aid workers, international consultants, and government officials. From these contacts it became glaringly clear, as the author details, that American taxpayer dollars have been flowing into Taliban coffers, courtesy of scandalously mismanaged US development and counterinsurgency programs, with calamitous military and social consequences. This is the first book to detail the toxic embrace of American policymakers and careerists, Afghan kleptocrats, and the opportunistic Taliban. The result? US taxpayers have been footing the bill for both sides of a disastrous Afghanistan war.

A wisecracking foreign correspondent recounts her experiences in Afghanistan and Pakistan while sharing cautionary observations about the region in its first post-Taliban years and the responsibilities of the

U.S. and NATO.

This is the autobiography of Abdul Salam Zaeef, a senior former member of the Taliban. His memoirs, translated from Pashto, are more than just a personal account of his extraordinary life. My Life with the Taliban offers a counter-narrative to the standard accounts of Afghanistan since 1979. Zaeef describes growing up in rural poverty in Kandahar province. Both of his parents died at an early age, and the Russian invasion of 1979 forced him to flee to Pakistan. He started fighting the jihad in 1983, during which time he was associated with many major figures in the anti-Soviet resistance, including the current Taliban head Mullah Mohammad Omar. After the war Zaeef returned to a quiet life in a small village in Kandahar, but chaos soon overwhelmed Afghanistan as factional fighting erupted after the Russians pulled out. Disgusted by the lawlessness that ensued, Zaeef was one among the former mujahidin who were closely involved in the discussions that led to the emergence of the Taliban, in 1994. Zaeef then details his Taliban career as civil servant and minister who negotiated with foreign oil companies as well as with Afghanistan's own resistance leader, Ahmed Shah Massoud. Zaeef was ambassador to Pakistan at the time of the 9/11 attacks, and his account discusses the strange "phoney war" period before the US-led intervention toppled the Taliban. In early 2002 Zaeef was handed over to American forces in Pakistan, notwithstanding his diplomatic status, and spent four and a half years in prison (including several years in Guantanamo) before being released without having been tried or charged with any offence. My Life with the Taliban offers a personal and privileged insight into the rural Pashtun village communities that are the Taliban's bedrock. It helps to explain what drives men like Zaeef to take up arms against the foreigners who are foolish enough to invade his homeland.

After more than a decade of great effort and sacrifice by America and its allies, the Taliban still has not been defeated, and many Afghans believe that a civil war is coming. Aspiration and Ambivalence analyzes the U.S. and international efforts in Afghanistan and offers detailed recommendations for dealing with the precarious situation leading up to the 2014 transition to Afghan control and beyond. Vanda Felbab-Brown argues that allied efforts in Afghanistan have put far too little emphasis on good governance, concentrating too much on short-term military goals to the detriment of long-term peace and stability. The Western tendency to ally with bullies, warlords, smugglers, and other shady characters in pursuit of short-term military advantage actually empowers the forces working against good governance and long-term political stability. Rampant corruption and mafia rule thus persist, making it impossible for Afghans to believe in the institutional reforms and rule of law that are clearly necessary. This must change-- otherwise, the chances of building responsive and sustainable governmental structures are slim, indeed. Felbab-Brown combines thorough research and analysis with vivid personal accounts of her

time spent in the war-torn nation--powerful vignettes illustrating the Afghan aspirations for peace, stability, and sovereignty and the stubborn obstacles to securing them. "The year 2014 will mark a critical juncture in Afghanistan's odyssey. After more than a decade of arduous fighting and political involvement, the U.S. and international presence there will be significantly reduced and circumscribed. Although the international community has committed itself not to abandon Afghanistan as it did in the 1990s, the onus will be on the Afghan government to provide for the security of the country, its economic development, and governance that attempts to meet the needs of the Afghan people. Difficult challenges, major unresolved questions, and worrisome trends surround all three sets of processes. The biggest hole in the U.S. strategy and international efforts to stabilize the country is the failure to adequately address the country's fractured and brittle political system and very poor governance."--from *Aspiration and Ambivalence*

Following three Afghans - a Taliban commander, a US-backed warlord and a housewife trapped in the middle of the fighting - through years of US missteps, this dramatic narrative reveals the workings of America's longest war and the truth behind its prolonged agony. 25,000 first printing.
