Law in Culture and Society by Laura Nader - Paperback ...

Keywords: law, society, politics, disputing, decision making, legal ideology. The study of law and society rests on the belief that legal rules and decisions must be understood in context. Law is not autonomous, standing outside of the social world, but is deeply embedded within society. While political scientists recognize the fundamentally political nature of law, the law and society perspective takes this assumption several steps further by pointing to ways in which law is socially and ...
