Briefly traces the history of the doghouse, and shows a variety of doghouses created by architects and designers, including period reproductions, modern designs, and fantasy structures

Attempting to win a can-collecting contest, the winner of which will direct a class movie, Jenny risks losing her best friend.

Fully engage learners in your classroom. Discover how to create high-quality assessments using a five-phase design protocol. Explore types and traits of quality assessment, and learn how to develop assessments that are innovative, effective, and engaging. Evaluate whether your current assessments meet the design criteria, and discover how to use this process collaboratively with your team.

Start counting your votes . . . and your friends. When Brianna Justice's hero, the famous celebrity chef Miss Delicious, speaks at her school and traces her own success back to being president of her fifth grade class, Brianna determines she must do the same. She just knows that becoming president of her class is the first step toward her own cupcake-baking empire! But when new student Jasmine Moon announces she is also running for president, Brianna learns that she may have more competition than she expected. Will Brianna be able to stick to her plan of working with her friends to win the election fairly? Or will she jump at the opportunity to steal votes from Jasmine by revealing an embarrassing secret? This hilarious, heartfelt novel will appeal to any reader with big dreams, and the determination to achieve them.

Scott Foresman-Addison Wesley MATH (2002) components for Grade 2.

By focusing on what students learn rather than what they are taught, schools can redefine their mission and begin the transition to a professional learning community. After interviewing and observing principals, administrators, and teachers, the authors identify seven leadership practices that effective PLC leaders share, along with the techniques that have led them to sustainable success.
