“WWII scholar John Kelly triumphs again” (Vanity Fair) in this remarkably vivid account of a key moment in Western history: The critical six months in 1940 when Winston Churchill debated whether England should fight Nazi Germany—and then decided to “never surrender.” London in April, 1940, is a place of great fear and conflict. The Germans have taken Poland, France, Holland, Belgium, and Czechoslovakia. The Nazi war machine now menaces Britain, even as America remains uncommitted to providing military aid. Should Britain negotiate with Germany? The members of the War Cabinet bicker, yell, and are divided. Churchill, leading the faction to fight, and Lord Halifax, cautioning that prudence is the way to survive, attempt to usurp one another by any means possible. In *Never Surrender*, we feel we are alongside these complex and imperfect men, determining the fate of the British Empire, and perhaps, the world. Drawing on the War Cabinet papers, other government documents, private diaries, newspaper accounts, and memoirs, historian John Kelly tells the story of the summer of 1940. Kelly takes readers from the battlefield to Parliament, to the government ministries, to the British high command, to the desperate Anglo-French conference in Paris and London, to the American embassy in London, and to life with the ordinary Britons. We see Churchill seize the historical moment and ultimately inspire his government, military, and people to fight. Kelly brings to life one of the most heroic moments of the twentieth century and intimately portrays some of its largest players—Churchill, Lord Halifax, Hitler, FDR, Joe Kennedy, and others. *Never Surrender*

is a fabulous, grand narrative of a crucial period in World War II and the men and women who shaped it. "For lovers of minute-by-minute history, it's a feast" (Huffington Post).

From Michael Dobbs, author of the book that inspired the smash hit Netflix series *House of Cards*, *Never Surrender* finds newly-elected Prime Minister Winston Churchill in a personal confrontation with Adolf Hitler. The battle begins on Friday, May 10, 1940, when Hitler launches a devastating attack that within days will overrun France, Holland and Belgium and bring Britain to its knees at Dunkirk. *Never Surrender* examines Churchill's courage and defiance and his ability to lead a nation during three of the most crucial weeks in its history. Without the physical forces necessary to stave off German attack, Churchill uses the force of words to stand in Hitler's way, to show that no accords will be made. Dobbs is at his best in *Never Surrender*, a novel about the remarkable courage and defiance needed to save a nation at risk. Praise for Michael Dobbs, bestselling author of *House of Cards*, the book that inspired the Netflix series starring Kevin Spacey: "Dobbs is an author who can bring historical happenings to life." —The Times "Dobbs has done a brilliant job in evoking the drama and despair of Britain hovering on the edge of the abyss." —Sunday Express

A great statesman, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steeled that nation for victory against the might of the Fascist powers. *Never Give In!* celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume *Never Give In!* provides a powerful testimony to one of the great public figures of the 20th century.
