Noam Chomsky: (I'll have to be brief about each of the questions, unfortunately, as they deserve long answers.) The American ideological leaders understand exactly what you're saying and therefore the demonstrations in England were very much played down. The Palestine issue was barely mentioned, if at all.

### Chomsky on Israel's Hindering of Palestinian Pandemic

"Chomsky is a global phenomenon . . . he may be the most widely read American voice on foreign policy on the planet."—The New York Times Book Review "Ilan Pappé is Israel's bravest, most principled, most incisive historian."—John Pilger Praise forGaza in Crisis by Noam Chomsky and Ilan Pappé: "This sober and unflinching analysis should be read and reckoned with by anyone concerned with practicable change in the long-suffering region."—Publishers Weekly "Both authors perform fiercely accurate deconstructions of official rhetoric."—The Guardian Operation Protective Edge, Israel's most recent assault on Gaza, left thousands of Palestinians dead and cleared the way for another Israeli land grab. The need to stand in solidarity with Palestinians has never been greater. Ilan Pappé and Noam Chomsky, two leading voices in the struggle to liberate Palestine, discuss the road ahead for Palestinians and how the international community can pressure Israel to end its human rights abuses against the people of Palestine.On Palestine is the sequel to their acclaimed bookGaza in Crisis (Haymarket Books). Noam Chomsky is institute professor in the department of linguistics and philosophy at the Massachusetts Institute of Technology, Boston. A member of the American Academy of Science, he has published widely in both linguistics and current affairs. Ilan Pappé is the Director of the European Center for Palestine Studies and a fellow at the Institute of Arab and Islamic Studies at the University of Exeter. He is the author of fifteen books among themThe Ethnic Cleansing of Palestine (London and New York 2007)Gaza in Crisis: Reflections on the US-Israeli War Against the Palestinians (Haymarket Books 2012), and his most recent book isThe Idea of Israel: A History of Power and Knowledge (London and New York 2014).

On Palestineis Noam Chomsky and Ilan Pappé’s indispensable update on a suffering region. Operation Protective Edge, Israel's most recent assault on Gaza, left thousands of Palestinians dead and cleared the way for another Israeli land grab. The need to stand in solidarity with Palestinians has never been greater. Noam Chomsky and Ilan Pappé, two leading voices in the struggle to liberate Palestine, discuss the road ahead for Palestinians and how the international community can pressure Israel to end its human rights abuses against the people of Palestine. This urgent and timely book offers hope and a way forward for all those committed to the struggle to liberate Palestine. On Palestineis the sequel to Chomsky and Pappé’s acclaimed book Gaza in Crisis. 'Noam Chomsky is a global phenomenom.' The New York Times Book Review 'Ilan Pappé is Israel's bravest, most principled, most incisive historian.' John Pilger

From the targeting of schools and hospitals, to the indiscriminate use of white phosphorus, Israel's conduct in 'Operation Cast Lead' has rattled even some of its most strident supporters. In this book, Noam Chomsky and Ilan Pappé survey the fallout from that devastation, and place the massacre in Gaza in the context of Israel's long-standing war against the Palestinians. Gaza in Crisis is a rigorous, historically informed and much-needed analysis of the situation and will be welcomed by all those eager for Chomsky's insights into yet another political catastrophe.

La Palestine est à bien des égards emblématique de ce qui ne tourne pas rond dans le monde et, pour les militants de la justice sociale, le besoin de renouveler le débat et le vocabulaire sur cette question découle avant tout des changements importants qui se sont produits dans la région ces dernières années. Car, sur le terrain, un nouvel Etat a vu le jour : le Grand Israël. Tandis que les Palestiniens de Cisjordanie sont encore humiliés quotidiennement aux postes de contrôle, incarcérés sans procès, dépossédés de leurs terres, incapables de se déplacer d'une ville à l'autre en raison des murs érigés autour de leurs maisons, la population de Gaza, assiégée dans la plus grande prison à ciel ouvert de la planète, est régulièrement soumise à un cocktail barbare de bombardements et de tirs de l'armée israélienne qui, selon une horrible expression de ses haut-gradés, dit ainsi: " tondre le gazon ", avec l'accord tacite de la communauté internationale. Et c'est sans compter les citoyens palestiniens d'Israël qui font face à une nouvelle série de lois racistes qui bafouent leurs droits les plus élémentaires ainsi que les millions de réfugiés palestiniens qui continuent à croupir dans des camps. Dans cet ouvrage rédigé en partie dans le feu de l'action, à l'été 2014, en pleine guerre de Gaza, Noam Chomsky, Ilan Pappé et Frank Barat mènent une longue conversation qu'ils nous présentent en trois parties : le passé, où ils ont concentré leur attention sur le sionisme en tant que phénomène historique ; le présent, où ils se sont questionné sur la pertinence d'appliquer le modèle de l'apartheid à Israël et sur l'efficacité de la campagne Boycott, désinvestissement et sanctions (BDS) en tant que stratégie de solidarité avec le peuple palestinien ; et l'avenir, où ils ont mis en balance la solution à deux Etats et celle à un Etat. Pour eux, le problème palestinien se résume depuis le début à un cas patent de colonialisme et de dépossession, même si on préfère le traiter comme une affaire complexe difficile à comprendre et, plus encore, à résoudre. Or, tout indique qu'Israël persistera dans ses politiques racistes, ultracapitalistes et expansionnistes.

As Israel continues its barbaric assault on Gaza, Noam Chomsky and Ilan Pappé put the recent campaign against Gaza.

From its establishment to the present day, Israel has enjoyed a special position in the American roster of international friends. In Fateful Triangle Noam Chomsky explores the character and historical development of this special relationship as well as its impact on the fate of the Palestinian people. Copyright © Libri GmbH. A lively intellectual history that explores how prominent midcentury public intellectuals approached Zionism and then the State of Israel itself and its conflicts with the Arab world In this lively intellectual history of the political Left, cultural critic Susie Linfield investigates how eight prominent twentieth-century intellectuals struggled with the philosophy of Zionism, and then with Israel and its conflicts with the Arab world. Constructed as a series of interrelated portraits that combine the personal and the political, the book includes philosophers, historians, journalists, and activists such as Hannah Arendt, Arthur Koestler, I. F. Stone, and Noam Chomsky. In their engagement with Zionism, these influential thinkers also wrestled with the twentieth century's most crucial political dilemmas: socialism, nationalism, democracy, colonialism, terrorism, and anti-Semitism. In other words, in probing Zionism, they confronted the very nature of modernity and the often catastrophic histories of our time. By examining these leftist intellectuals, Linfield also seeks to understand how the contemporary Left has become focused on anti-Zionism and how Israel itself has moved rightward.

The volatile Middle East is the site of vast resources, profound passions, frequent crises, and long-standing conflicts, as well as a major source of international tensions and a key site of direct US intervention. Two of the most astute analysts of this part of the world are Noam Chomsky, the preeminent critic of U.S. foreign policy, and Gilbert Achcar, a leading specialist of the Middle East who lived in that region for many years. In their new book, Chomsky and Achcar bring a keen understanding of the internal dynamics of the Middle East and of the role of the United States, taking up all the key questions of interest to concerned citizens, including such topics as terrorism, fundamentalism, conspiracies, oil, democracy, self-determination, anti-Semitism, and anti-Arab racism, as well as the war in Afghanistan, the invasion and occupation of Iraq, the Israeli-Palestinian conflict, and the sources of U.S. foreign policy. This book provides the best readable introduction for all who wish to understand the complex issues related to the Middle East from a perspective dedicated to peace and justice.

Conducted from 1984 to 1996, these interviews first appeared in the books Chronicles of Dissent, Keeping the Rabble in Line, and Class Warfare, all published by the independent publisher Common Courage Press in Monroe, Maine. This omnibus collection includes a new introduction by David Barsamian, looking back on conversations and engagement with Chomsky ’ s ideas that now spans decades, as well as a classic essay by Alexander Cockburn on Chomsky that served as the introduction to one of the original volumes.

Blaming the Victims demonstrates with cold precision how the consistent denial of truth about the Palestinians by governments and the media in the West has led to the current impasse in Middle East politics. Controversial, forceful and above all honest it attempts to redress a sustained crime against historical truth in order to make a more rational political future in Palestine possible. With a new introduction by Edward Said and Christopher Hitchens and contributions by Norman G. Finkelstein, Peretz Kidron, Noam Chomsky, G.W. Bowerstock, Ibrahim Abu-Lughod, Rashid Khalidi, Janet L. Abu-Lughod, Muhammad Hallaj and Elia Zureik.
