greater mysteries of
crafting engaging worlds and
storylines.

~~Pathfinder RPG — GameMastery
Guide for Fantasy Grounds~~
The Gamemastery Guide is
divided into five sections.
There's gamemastery basics
(how not to be a terrible
GM), tools (how to make your
own items, creatures,
worlds, etc.), subsystems
(what, that wasn't in the
core rulebook?), variant
rules, and the NPC gallery.

Read Book Pathfinder Roleplaying Game

My personal favorite
sections are the subsystems
and variant rules.

If you've started with the Beginner Box, the Game Master's Guide in that set provides some excellent instruction, along with a sample adventure, to help get you started. Once you've moved on to the full Pathfinder game, the GameMastery Guide is a great resource to hone your skills with. This 300+ page book contains advice, instruction, sample NPCs (non-player characters—the characters controlled by the GM that the player

~~NPC Pawn Collection ...~~

I bought this thinking it would be the equivalent to AD&D's original Dungeon Master's Guide, but I was mistaken. If you're an experienced DM/GM and you already own the Pathfinder Core Rulebook, you don't NEED this book. It's a Gamemastery book, meaning it's main purpose is to help GM's manage their games better.

contributing new options and inspirations, and refreshing the game's classic elements.

Most importantly, the countless tools herein are designed not to change games or tell GMs how they should play, but rather to inspire new stories and save effort, leaving GMs with more time to run exactly the adventures they and their groups want to play—or have been playing for years.
