of the Federal Ministry of Finance.

If you are not a citizen or resident of the United States (U.S.) and you are contemplating either making or expanding an investment in the U.S., either for yourself as an individual or for a business, you are not alone. The U.S. is the country

# Read Free Taxation And Tax Planning

of first choice for many foreign investors. This is due to the fact that the U.S. offers foreign investors many advantages, some of which are in short supply in today's world. The primary advantage that the U.S. affords foreign investors is that it endorses the economic concept of free enterprise. While it is true that the Federal

# Read Free Taxation And Tax Planning

and state governments have interfered with the private economy to some extent, the prevailing economic philosophy in the U.S. remains laissez faire. History has taught the U.S. that the market place allocates the finite resources of a country better than the government, and the advantages of this philosophy have not been

# Read Free Taxation And Tax Planning

overlooked by foreign investors. Another attractive feature of the U .S. as an investment site is its political stability. The present form of constitutional government has presided for over 200 years, and this history provides foreign investors with a measure of security which is absent elsewhere.
