environment. It then  
looks at ways to  
restore our natural  
biophilia towards  
plants and provides  
exercises and  
personal experiences  
to help us along the  
way.

The Lost Language of  
Plants: The Ecological  
Importance of ...  
Buhner's thesis is that

# Get Free The Lost Language

we have lost our sense of connection with nature, wounding ourselves and threatening ecological stability and ultimately the survival of our species. This epistemological conflict is brilliantly exposed in his chapter The End Of Antibiotics which
