Maslow's hierarchy of needs is a theory in psychology proposed by Abraham Maslow in his 1943 paper "A theory of Human Motivation" in Psychological Review. There is little scientific basis to the theory: Maslow himself noted this criticism. Maslow subsequently extended the idea to include his observations of humans' innate curiosity. His theories parallel many other theories of human developmental psychology, some of which focus on describing the stages of growth in humans. He then created a clas
